

AUSTRALIAN PHOTOGRAPHIC COLLECTORS' SOCIETY INC

MEMBERS-ONLY AUCTION – NOON 18th April 2021

CATALOGUE – INTERACTIVE VERSION – REVISED 20th March

This catalogue is an interactive one. All descriptions are underlined and will be in blue for most readers. They are linked to photographs that are stored on the internet, and can be viewed if this PDF file is read on any computer or smart phone that supports an Internet Browser, and the device is connected to the Internet. To view a photograph click (or tap) on the item, and some computers may require a double-click. Close the photo when you are finished with it to return to the catalogue. (Your computer configuration may be slightly different.) All items are at high resolution and you should be able to zoom in to see details.

APCS auctions do not have buyers' premiums. However where it is necessary for the APCS to send items by post etc, buyers will be charged.

This auction is unusual for several reasons... The items have been in collections for many years in some cases and have not been serviced or used, so their performance capability may be doubtful. Due to COVID restrictions, **traditional pre-viewing is not possible**, and bidders should rely on what they can see in the photographs. While preparing the catalogue a few items were operated to the extent of firing the shutters – and where there was an obvious failure, it has been noted in the catalogue. Many of the items are scarce or rare versions of otherwise common units, and individual price suggestions have been estimated from values published in international resources.

Under the COVIDsafe plan, registration by email to president@apcsociety.com.au of all who intend to be present at the auction is mandatory and membership status can also be checked at the same time. Please note that only financial members may bid and purchase (for mainly legal reasons).

ABSENTEE and PHONE BIDS: Absentee bids may be sent by email indicating your MAXIMUM bid to president@apcsociety.com.au no later than THURSDAY 15th. If you wish to make a phone bid please also include your maximum as an absentee bidder in case we are unable to contact you by phone. We will endeavour to call you just before the lot is offered.

CAVEAT EMPTOR: Please note that it is up to you – the buyer – to judge what you are bidding for, and if you are not certain then bid accordingly. Even though a lot of effort has to go into preparing and running these auctions, the volunteers doing the work do not have the time and often the expertise to inspect, test and report on every item. If you are uncertain on matters of performance – maybe bid assuming that there are faults. A few items need electrical power to operate – please note that there are NO IMPLIED functionality or safety conditions, and electrical items should be checked before use.

CATALOGUE VERSIONS: For a printable version of this catalogue without the hyperlinks to the photos please download the simplified file from <http://www.apcsociety.com.au/CataloguePrint.pdf>

SPECIAL NOTE: The committee of the APCS asks you to cooperate and indeed forgive the prescriptive nature of this auction. It is being conducted under difficult conditions and indeed is a 'catch-up' of two large estates as there were no auctions in 2020.

Item	Description	\$ Est
1	Exakta RTL1000 Oreston 1.8/50 - Meter - camera faulty	100
2	Exa I Tessar 2.8/50 Cap - rare "system" Early	100
3	Exa I Meritar 2.9/50 Early	60
4	Exakta Varex IIb Biotar 2/58 Meter	180
5	Exa I Meritar 2.9/50 Postwar	60
6	Exakta Varex VX with Culminar 4.5/135	180
7	Exakta Varex IIa Tessar 4/135 with Red filter	180
8	Exakta Varex IIa S-Travegon 2.8/35 B&W filter	180
9	Exakta VX1000 Tele-colinar 3.5/135 with bellows with movements	250
10	Exakta 127 Black Tessar 3.5/75 - original cap	260
11	Ihagee compact 127 Ihagee Anastigmat 4.5/70	80
12	Exakta Varex Tessar 2.8/50 with Bellows	220
13	Exa I (early post war) Meritar 2.9/50	60
14	Exa I (early post war) Meritar 2.9/50	60
