### Outstanding July Auction

A record attendance saw over 300 lots knocked down at our July auction. An excellent catalogue from sub-minatures to vintage large format gear, magazines, some dark-room and even an ambrotype in a case. Many items were part of John Heuzenroeder's collection with more to come in October. Our special thanks to our auctioneer Max Amos and again to Margaret Mason for her organisation.

*Durst Duca, Micro 16, Mineta and Mycro all sold*

Different! That's my reaction to the forthcoming Market to be held in Ballarat. Everything about it is different to what we have seen for the last 23 years of Markets at St.Kilda then Camberwell; except it is still a Photography Market with plenty of bargains on the tables. The main difference is affiliation with the Ballarat Biennale, a major international photographic event being hosted by Ballarat for the first time. By being part of it, we share in the publicity and add a new dimension to their event. To be held in the hall adjacent to St.Patrick's Cathedral in Sturt Street, just west of the city centre, the buildings are heritage classified. A fitting venue and close to all facilities.

### Market with Biennale at Ballarat - September 13th

The same weekend as the VAPS member weekend; with 8 other fringe exhibits in the same hall; with dozens of other events and venues open that day, we are assured of a town full of photographic professionals and interested people. There are no entry fees for the public so we are assured of a good steady flow of traffic through the hall. We cannot predict what will sell, but from the interest in the event already, vendors will have every opportunity. Members who attend not only have a market with many new vendors, they have a whole day of exploration and photographic interest in store. Some members are making a weekend of it and booking accommodation.

The public are admitted 10:00am to 4:00pm with entry for setup from 9:00am. Tables are strictly limited to 42 at \$55 per table and I have tentative reservations for about 35 already, so be quick. Call me on 03 5241 2404 or 0409 330852 or email me at market@apcsociety.com.au. Alan King

### ***Recent Finds - It happens!***

Try all the methods you can to obtain your collectable cameras. I have a sign posted in a local mini lab. Recently, a lady rang me in response to seeing the sign while she was doing her shopping. The result: a Contax G2, arguably the ultimate in film rangefinder cameras. In almost mint condition, with Zeiss Biogon T f2.8 28mm and Zeiss Sonnar T 90mm f 2.8 lenses. Also in the deal was a Nikon F90 with 35-70 Nikkor AF D Macro zoom, and a boxed, unused 105mm Nikkor Micro AF D.

### ***Coming Up***

Our August meeting features one of our first members, Ian Bock, talking about Meters, Flash Guns and other Accessories. Ian will use our projector to make sure everybody can see his items. We will also continue the documentary on Australian cinema, plus more.

November 1st. is the next field trip for those collectable cameras. Do you prefer the historic steam rally at Lake Goldsmith (past Ballarat) or head down to a scenic Point Nepean? Bus arrangements can be made to meet train travellers. Register your interest with Andrew or Alan... phone details in the Diary.

### ***Buy, Swap, Sell for Members***

All members who cannot attend meetings are welcome to send Margaret a box of Buy, Swap, Sell treasures for our segment at the start of each meeting. If you include a short "Wish List" for prospective customers to peruse... who knows what might turn up? We can carry the box on to the Markets for the Society table as well... our usual 10% fee for the service applies.

Or advertise free here in your APCS News.

### ***Who am I?***

I gave a camera to Andrew Korlaki to fix...0400 081738

On the morning of the auction, Member #21 found a very good condition Canon VT de luxe with matching Canon 50mm f1.8 lens at an outer suburban Melbourne Market. He was genuinely embarrassed (briefly) to find himself haggling over \$25!
